作品 (写真添付)	 <p>A handcrafted artwork of a penguin character, likely a penguin from the anime 'Penguin Parade'. The penguin is constructed from numerous small white beads, with black beads used for its outline, eyes, and beak. The beak is a vibrant red. The penguin is standing on a green, textured background that resembles a mosaic or a piece of paper with a green pattern. The entire piece is mounted on a light-colored surface. A small date stamp '2021/09/27' is visible in the bottom right corner of the image.</p>
